THE PUNANY EXPERIENCE:

The War Between Tops and Bottoms,
Not Your Average Down Low Story

By Jessica Holter

Take an unhappy husband with a spoiled and suspicious wife, an androgynous businesswoman with a knack for inflicting pain, an executive assistant with a dog collar and no shame, and a passive-aggressive weekend lesbian to the scene and you have just started a war! Introducing **THE PUNANY EXPERIENCE: The War Between Tops and Bottoms, Not Your Average Down Low Story** by Jessica Holter (**Strebor/Atria Books; \$15.00/\$19.99 Can.; ISBN: 9781593091453; July 2010,**) a tale of Trysexuality – a raw and bold new twist on erotica that defies labels and boundaries.

Meet Stormy Talbert, a sexy bisexual, and Korea Smith, an androgynous businesswoman, who push bi-sexuality to its ultimate limits when they begin an affair with Hartford, a married man. He's not on the down low, just a little curious after his first prostate exam, and the dominant Korea is anxious to help him find the answers he seeks. Once she gets a hold of him his missionary life with his wife is as obsolete as the 8 track player. For Korea, sex is just business, and as she sees it, any man who would let a woman dominate him in bed has signed a bad business deal. But in the trenches of the war between the sexes, she just may discover that what is between her legs is the biggest surprise of all.

Both Korea and Stormy have had traumatic childhoods, like so many women, and end up becoming involved with each other later on in life. But their relationship— their love—is not an easy journey. Both have different needs and desires, and both have a lot of emotional baggage and scars inflicted on them by men. They both want the American dream; a nice home, financial freedom, and true love. They have it, for a period of time but soon realize that it is not enough.

THE PUNANY EXPERIENCE eloquently blurs the lines of sexual identity, leaving readers boundless as they slide down this slippery tale of fluid sexuality that does not fit into a box. As more self-proclaimed

lesbians return to male lovers, and media makes girl-on-girl play as common as the cold, the lines of sexual identity are becoming vaguer. **THE PUNANY EXPERIENCE** is right on time with its no boundary excursion into the lives of characters who will remind you of someone you know.
